# ACM | Dibond | Aluminium Composite - Folded Box Pans

Usually, returns have either 100mm or 50mm but these may be specified.

- Backlit pans require a minimum of 100mm depth to avoid spotting from the LEDs.
- Sheet sizes are 3050mm x1550mm or 1220mm x 2440mm
- Add 20mm bleed of artwork to allow wrap around edges
