# Searching For Orders

To search for an order - you will need the Quote Reference or a WEB reference.

Online orders will begin with **WEB** followed by numbers

Quote numbers will begin with a **QUO**: followed by numbers

Next Day Poster Orders will begin with **NDP**/ followed by numbers.

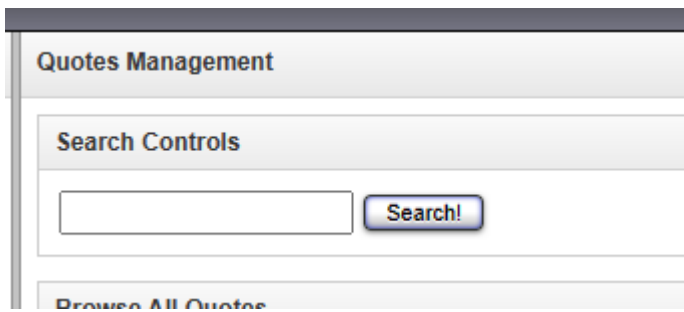

If it is an **Order** you are tracing - Select SALES / Shop Sales / Orders

This will bring up the order screen - Add your ref number to the top bar on the right hand side and hit enter -

If it is a **Quote** you are tracing - Select Sales / Search Quote / this will bring up this screen

The screenshot shows a web application interface with a dark header bar. Below it is a light gray box titled "Quotes Management". Inside this box is a sub-section titled "Search Controls". This section contains a text input field and a "Search!" button. Below the "Search Controls" section is another light gray box with the text "Browse All Quotes" in blue, which appears to be a link.

Ad in the ref number and click search.

Make sure there are no spaces when you add the number, etc otherwise the search wont work.

# Order Status / Order Tracking

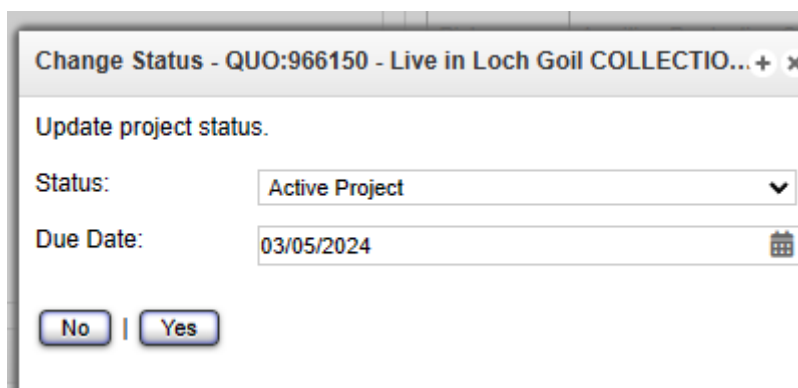

# Changing an Order's Status

# Resending an Order Email/Receipt

Orders placed on line will allow the customer to select their own dispatch date.

However, on occasion, the date for dispatch will change.

To advise the customer of the change of date, please change it on the system first and Resend the Order Confirmation

A screenshot of a dialog box titled 'Change Status - QUO:966150 - Live in Loch Goil COLLECTIO...'. The dialog box contains the text 'Update project status.' and two input fields: 'Status:' with a dropdown menu showing 'Active Project' and 'Due Date:' with a date field showing '03/05/2024'. At the bottom, there are two buttons: 'No' and 'Yes'.
